SPORTING.

THE HONORS WERE EVEN

Between the Crack College Twirler and the Brattleboro Short Stop, But Springfield Won 9 to 4.

The strong Springfield, Vt., aggregation won from Brattleboro, 9 to 4, at Springfield Saturday, but the honors were even between Richmond, the crack University of Vermont twirler, who won his games from the University of Pennsylvania and Dartmouth, and Tommy Green, the young Brattleboro short stop, who pitched his second full game for this season. Green was touched for 12 and Richmond, for 11 hits and each struck out eight men. Reynolds of Claremont and the University of Vermont, was as usual much in evidence in the game, particularly at the bat. But Green caught five men napping off first base, but the opinion of the Brattleboro players and spectators that two of the five men who were called out were safe.

The Springfield enthusiast, on seeing the small and youthful looking players from Brattleboro, wagged that Richmond would strike out the first three men in the first inning and the second team drove a long fly which the left fielder caught. Dorey hit safely and Green cracked out a long two bagger. Waite met the ball for a lively single and Dorey and Taser scored.

The game was not without several times during the game. A wild throw on which two men should have scored struck a boy in the crowd and bounded back into the field, and the second team runner was caught at the plate, making the third man out. Two runs were made by Springfield in the sixth inning as a result of a collision between J. T. Baker and Dorey, both of whom were made innocent. Taser momentarily, while Dorey did not recover his senses completely for more than an hour.

C. S. Wilkins's House Burned in Guilford.

The house on the farm in Guilford, owned by C. S. Wilkins, a former proprietor of the American House, was burned to the ground Friday afternoon between 4 and 5 o'clock, the cause of the fire being a defective chimney. The farm, on the southern part of the farm, on the Barnard road. Nearly all the contents of the house were destroyed and the barn, which stands a short distance away, was saved only by hard work on the part of Mr. Wilkins and some of his neighbors. Mr. Wilkins had been away during the day and did not return until the house was nearly destroyed. His wife was in the garden when she first noticed the flames breaking out around the chimney. She immediately gave the alarm, but the flames gained rapidly and were beyond control within a short time. The barn was saved by means of a bucket brigade which was formed from a well short distance off. The house was insured for \$400 in the Vermont Mutual company through the agency of C. F. Jenne.
